PROFESSIONAL EXPERIENCE

GROWTH Homes

Digital Marketing Intern

Washington, DC

June 2026 – Present

- Developed a custom AI application to streamline social media marketing by centralizing strategy, content libraries, production, scheduling, and predictive analytics; yielded an estimated 61+ hours of time savings across a pilot of 76 publication-ready videos
- Reconciled and restructured 4,000+ records for CRM migration; authored internal guides, research briefs, and ad-hoc materials regarding platform adoption, due diligence on external tools, and recommendations for senior staff to support business priorities

RBmedia

Business Analytics Intern

Landover, MD

June 2025 – Aug 2025

- Synthesized monthly and quarterly sales data on 2,500+ titles from 13 portfolio brands into Excel materials and visualizations; evaluated performance trends over multiple levels of aggregation and provided evidence to inform executive decision-making
- Managed rollout of a digital publishing workflow for audiobook previews spanning 12 social accounts and 2 media platforms; oversaw the first ~1,800 uploads, diagnosing and resolving technical issues on a rolling basis to improve scalability over time

Life Time Fitness

Seasonal Lifeguard

Gainesville, VA

May 2024 – Aug 2026

- Supervised aquatics patrons by monitoring pool activities and proactively enforcing guidelines to prevent accidents; delivered prompt emergency response and administered first aid on 6 separate occasions, communicating directly with police and EMS
- Collaborated with management and other departments on events involving aquatics programs; provided exceptional customer service to 300+ members daily, actively addressing issues and concerns to maintain consistently positive facility experiences

Mathnasium

Math Instructor

Haymarket, VA

June 2022 – March 2023

- Taught mathematics to 30+ K-12 students, assisting them through structured learning activities and providing homework help; introduced effective study techniques and problem-solving strategies to improve students' retention and academic confidence
- Communicated regularly with parents, providing feedback on student progress and challenges; designed personalized learning plans, with a reported 94% of parents observing measurable improvements in their child's critical thinking and math abilities

LEADERSHIP EXPERIENCE

Emory Economics Department

Private Tutor

Atlanta, GA

Sept 2025 – Present

- Selected as 1 of 60 from ~800 students to offer one-on-one instruction in micro/macroeconomics, data science, and computer science; analyze syllabi to create exam-based timelines with regular progress checks and compile comprehensive study guides
- Lead 3-5 sessions per week focused on content mastery, clarifying misconceptions, and problem set completion, with specific emphasis on boosting course performance; collaborate with professors and teaching assistants when needed for special cases

Emory Club Swimming

Vice President

Atlanta, GA

Jan 2024 – Present

- Plan and direct practices with 10-20 swimmers, 5 times per week; utilize a combination of technique work for new swimmers and endurance training for more experienced participants, ensuring that sessions are balanced to accommodate all skill levels
- Coordinate with other board members and club sports directors regarding team travel logistics for 6 annual out-of-state meets; oversee detailed planning, budgeting, and recordkeeping while managing preparation, itineraries, transportation, and bookings
